DOCKET NO. 1293.1112

IN THE SPECIFICATION:

Please **AMEND** paragraph 0018, as follows:

[0018] The modified drive 120 is manufactured exclusively for testing and may be referred to as a reference drive. The modified drive 120 reads only the DMA information from the C-1 disc initialized with certification 12 and generates a DMA mirror file ~~59-13~~ of the read DMA information for the C-1 disc initialized with certification 12 in a file system. The drive to be tested 110 is realized as, for example, a DVD-RAM recording and reproducing apparatus, and is designed not to generate a mirror file of the DMA information.
